Herd Established 1937

Dear Fellow Breeders and Cattleman:

When we started breeding Shorthorns in 1937, which has now been 38 years, the price of cattle was not exciting by any standards. Cattle were needed on our lands to graze places we were not using for crop lands, and to diversify our largely one crop program of income. During nearly 40 years in the business we have seen all kinds of times and prices paid for our breed as well as others.

We have never considered getting out of the cattle business because of prices in a given year or prices that prevailed during any period. Because cattle and particular Shorthorns do for us what they did for men who have bred them during the past 100 years or more in this country and for centuries in the British Isles before coming to North America. THEY BROUGHT US SOME INCOME THAT WE COULD NOT HAVE HAD FROM OTHER SOURCES AND THEY FED ON LANDS THAT WE COULD NOT DO ANYTHING ELSE WITH. Today this is still true for us by and large. OUR CATTLE WILL BRING US SOME INCOME ABOVE WHAT IT TAKES TO KEEP THEM! This is the long suit of Shorthorns, bred to make money under the most average conditions, and at little or no expense.

In this sale you will find cattle bred to do the job at little or no cash out of pocket. I hope you will consider very seriously that now is the time to buy Shorthorns of the best quality, which can supplement other income for you, hold dollars together and have value whenever you decide to sell whether the price is high or low.

We appreciate OUR FELLOW BREEDERS who have consigned to our Fourth Annual Sale making it possible to hold a sale this year. In this offering you will find some of the best ever to sell in any of our past sales. Many foundations cows and most modern breeding.

Lets all pull for our breed. Come to the sale and give it your support with whatever you have to invest. But, do come and give at least some of your time, this will be most pleasing to see many of you on the benches sale day, both our past buyers and those who may be potential buyers. Be sure to turn the pages of our catalog and see the good offering from our Fellow Breeders.

In behalf of Our Fellow Breeders our thanks go to all who have supported our sale in the past and invite you back to see us.

Cordially yours,

T. Elias McGee

SALE MANAGER COMMENTS

In the preparation of this catalog and others of several breeds which start the sale season, it is only natural to take a hard look at the potential results and rehearse the sales during the past 25 years during both high and low prices or strong and poor demand. This concern is brought into focus as the industry is burdened with an over supply of cattle, coupled with the general economic conditions and high rate of inflation in this country, which involve production cost.

While some breeders will leave the industry for keeps, others will sell and at sometime in the future re-establish as available cash and pastures permit. Some will enter the business only when potential profit is almost certain.

Someone has pointed out that the average life of a herd of purebred cattle is less than seven years. Be what it may, a few points come to mind that are worth considering for those who have cattle or for those who have interest of entering the business. Cattle are a commodity that can be merchandized under most all circumstances. There is a market for them large or small, fat or lean, old or young and at prices high or low. BUT, THERE IS A MARKET! As a boy on the farm how well I recall shipping a box car load of snap beans in bushel hampers to a large city which found no market and were dumped in the river. I could mention other incidents of farm commodities that found no market...BUT NEVER CATTLE. Our cattle always brought us some income, year in and year out and over the expense of keeping them. This was true for my father and grandfather and many others.

Even at today's prices what commodities can be loaded up from your farm and sold in a given day for cash. Cattle would be one for certain! During the years I have dispersed large and small herds and when prices were not so attractive, but in many instances when we sold the cowherd we got a sum of money together never realized before, for the owner.

Those who have pasture lands can afford to keep some cattle just as the Scotchman has for centuries and these cattle deserve to be the very best possible for converting grass or roughages to growth and beef. Shorthorns fit this pattern, they can be found in this sale. It is time to re-evaluate the use of a beef cow on our lands and let her give some return from her own ability. They have done this very thing for nearly 40 years, for the McGees' in all kinds of economic conditions.

I hope you will find time to attend the sale. I anticipate your being with us whether you are interested in buying or not. Let me know if I can be of assistance to anyone.

W. Scott Wilson.

Sale Manager

GENERAL INFORMATION

THE SALE: The 4th production sale of T. Elias McGee, Route 2, Starr S.C. and Fellow Breeders as guest consignors.

THE DATE: The sale will be held rain or shine Saturday, August 16, 1975.

TIME: The sale will begin sharply at 1 P.M.

PLACE: The sale will be held at the John C. Taylor Livestock yards, clean and convenient to all travel. Located on the east side of the city at junction of Hwy. 178 and U.S. 29 by-pass.

SALE HEADQUARTERS: Holiday Inn, located on U.S. 76 and 178, North Main at North Avenue, three miles south of I-85. Telephone Area Code 803, 226-6051, four miles from airport. Make reservations direct. **OTHER ACCOMMODATIONS:** Carolina Terrace, downtown Anderson, Phone number Canal 6-3411.

LUNCH: There will be lunch at or near the site of the sale.

LENGTH CATTLE CAN STAY AT YARDS: It is important that all cattle be moved from the barn as soon as possible and before Monday, August 18. Buyers who cannot move their purchases at the time indicated, may arrange with the owners or sale manager to load them at an appointed time. Cattle will be kept without charge for this period.

HEALTH: A clean test for T.B. and Bangs will be conducted within a thirty day period of the sale. Individual health charts will be made available by Dr. Earl Baker, Department of Animal Health, State of South Carolina, Columbia, for any cattle going out of the state. Animals will be eligible for interstate shipment anywhere.

OWNERS ADDRESS: T. Elias McGee, Route 2, Starr, S.C.
Phone: 803/352-6283

Insurance: Insurance will be available from the sale manager

TRUCKS: Trucks will be available upon request, arrangements should be made through the Sale Manager.

McGEE REPLACEMENT HEIFERS

Terms and Conditions

THE TERMS: Terms of the sale are cash. Settlements are to be made with the clerk at the conclusion of the auction. All animals will be at the buyer's risk as soon as bid off. However, due care shall be exercised in the handling of each animal until they are loaded out.

PAYMENT: Payment can be with personal check or cash. It is requested personal checks carry your bank number and bank name. Persons without personal check will be asked for full identification. Purchasers cannot load out cattle until paid for.

GUARANTEE: Each animal will be sold under the standard guarantee of the American Shorthorn Breeders Association. All animals are guaranteed to be breeders with the exception of calves at side, which their breeding ability is sometimes impaired by management practices.

LIABILITY: The sale manager - auctioneer, members of his staff, ringmen, clerks or anyone connected with the sale are not liable for accidents of any kind. Persons attending the sale, do so at their own risk. The sale manager was employed by T. Elias McGee and Fellow Breeders, as agent only, and cannot be responsible for errors in health charts, or fulfillment of guarantee. It is believed all information in the catalog is factual but is not so guaranteed. Announcements made from the auction stand take precedence over all printed matters in the catalog or advertising.

INSURANCE: Insurance will be available at the clerk's table or from Sale Manager.

MAIL BIDS: Mail bids or bids by phone may be sent or given to any of the representatives listed as follows:
W. Scott Wilson, Sale manager, G. Shirley Myers, Mike Kershaw, and/or C.O. Swaffer.

SALE MANAGER'S ADDRESS: W. Scott Wilson, Auctioneer, Cattle Sales Service, 2985 King Alfred Drive, Macon, Ga. 31204. Ph.: Area Code 912, 477-5845

FLASH! — NEWS — FLASH!

Shorthorn and Polled Shorthorns Sell for \$229,180.00

A history making sale of Shorthorn resulted in the dispersal sale of the famous Bob Lee herd Fredericktown, Ohio as 150 lots went through the auction at an average of \$1528 average. Buyers were present from throughout the United States and Canada to witness the interest in the breed.

15 bulls including four herd bulls averaged \$2,323

** Top Selling bull was Kinmar Ransom 322 X, at \$10,000*

(Bred very much like many of the cattle selling in this sale

** Second top bull went at \$7,700*

76 Cow Calf Pairs averaged \$1732 topped at \$4,000

28 Bred sold for an average of \$901

31 Heifers fetched an average of \$1201 with a top of \$3,000 being paid for a daughter of "Tank" Kinmar Ransom 322.

In this sale you will find some of the best in Full Canadian breeding and Domestic bloodlines that is scarcely surpassed in any herd.

Build on Tomorrows

Tomorrows are wonderful things. They are the stuff of dreams and the foundations of empires. Tomorrows can cover pain and obliterate mistakes. They can lift spirits and conquer fears. Tomorrows are things to cherish and to work for because every today was once a tomorrow.

Without tomorrows and the men who must plan for them there would be no agriculture and no cattle business. For this is a world built on tomorrows. It is the dream of "next year" fulfilled that has led Shorthorns through centuries of improvement to their current peak of quality. It is the tomorrows yet to be realized that will determine the fate of the breed and its breeders.

Who more than a cattleman lives every day in the shadow of tomorrow. Every day must be a prelude to it. Each calf is a promise of achievement. Each new blade of grass in the spring is a plan fulfilled. Everything he does—the bull he buys, the seed he sows, the calves he fits—must be a carefully planned part of his goal for the future.

Tomorrows can only be as great as the men who plan for them. Therein lies their beauty and their merit. Anyone can conquer defeat if it is a goad to success another day. Anyone can savor a victory, but the taste soon sours if plans are not laid for another.

Tomorrows are dangerous things too. How many times after indifferent success on show days have you heard a breeder say "... but wait 'til next year." Next year is another tomorrow, but it must be reckoned with today. Only the great are able to take up the challenge of tomorrow and return with success. Those who ignore the challenge face an empty, ignoble future.

Tomorrows are precious things. They must not be squandered. They are our hope for continued success. A noble, logical diagram once recorded will never die, but long after we are gone will be a living thing. Those glorious yesterdays which were once our tomorrows — if filled with accomplishments — can be our only lasting monument.

But noble as tomorrows are, they are no end in themselves. A series of empty yesterdays are a fool's wasted dreams of the future. Only a great man can make those dreams come true.

This is the challenge to each of us every day of the year, but especially at its beginning: To do the very best we can. To make plans that are noble. To work diligently for a series of bright tomorrows which will be our own brilliant afterglow. — Don Longley —

Today is the tomorrow this 1964 editorial was talking about. But we in the Shorthorn industry must strive to make our Tomorrows . . . Today. These words are as true today as they were eleven years ago. So let's work for Tomorrow.

Full Canadian, a good breeding bull, modern, big lots of length and scale.

Thomas Kodiak 107 X - His Service sells. His Get Sell. Today we are more proud of this Full Canadian sire than ever before. Now as a six year old bull he has developed into a tremendous bull. Not only is he impressive to see, but his siring ability excels. Most certainly he has sired some of the best cattle we have bred. "Kodiak" is a proud, spirited sire, moving with a lot of zest and with great stride, powerful in his make up, long, lots of scale and big frame, yet clean and muscular. His bloodlines are as popular today as when he was calved.

Seldom does one line of cattle excell in the industry as long as the TPS Coronet Leader 21st has and maintain their value and demand. This indicates a strain that can stand the test and bred to last in the strongest competition. Triway Highland Leader X is half brother to "Fillet" and "Big Gene" both "Sire of Years" Winners. Breeders acclaim this one of the greatest bloodlines in the industry. Own his daughters in this sale or buy his service through our daughters of Kodiak or Consort.

Upton Consort 3rd X has left us many good daughters and daughters of his serve in better herds of the southeast. He carries an excellent pedigree of well known bloodlines. Sired by the big red Timberlee's Consort, that weighed more than 1850 lbs., this big roan bull surpasses the breeding ability of his sire. As our senior herd sire and now eight years of age, he is a bull that catches your eye, with great length and scale, but his Get is what tells the real story. We are parting with a few of his daughters.

This bull is Polled. We have used him on both horned and Polled cattle. On the horned cows hw has sired 90% polled calves. On the Polled cattle he has been a 100% dehorner. We cannot use this bull longer in our herd as we are keeping his daughters. If you have been thinking of using a good polled bull here is your opportunity to own a proven sire. Herd accredited for T.B. and Brucellosis.

A growthy, heavily muscled 15 month old son of Pine Lane Leader X, top selling bull in this sale last year. This bull calf weighed 730 lbs. at 7 months of age and 970 lbs. at one year of age. A good herd bull prospect. Selling because I am keeping his dam and a half sister.

PINE LANE FARMS
Registered Polled Shorthorn Cattle
Rt. 1, Townville, S.C.

The Jack Dobbins Family, Owners

Dear Fellow Breeders:

With this consignment to the Fourth Annual Sale of McGee and Fellow Breeders, we are selling some of our choice females and reducing our numbers. In this offering you will find several of our foundation females and replacement heifers. It has been difficult to breed cattle of this quality and the time and investment in our effort to improve each year has been substantial.

We reluctantly part with many of our best as we expand our dairy operation which as many of you know was started sometime ago.

Hopefully these good females will go into herds where they will continue to produce at a profit, as they have for us and where they will contribute to the further growth of the breed.

For those who may be expanding their herd or establishing a registered herd, I recommend this offering and ask you to see them. They are bred mostly to our good Questing's Ransom 3rd X.

We have bred five cows Simmental. They should have top calves and at this time calves for them may command a premium, however, do not overlook the fact you can rebreed them to the bull of your choice. Shorthorn or Polled Shorthorn.

We look forward to seeing you sale day.

Sincerely yours
THE JACK DOBBINS FAMILY

Questing's Ransom Polled. His Get and Service Sells, Reference Sire D. Owned by: Jack Dobbins, Pine Lane Farm, Townville, S.C.

You will have an opportunity to win some of the first calves by this bull. We sold a few of our females bred to him last year and have had good reports on calves sired by him. If you want to breed more length and scale, here is the bull that has both. Also he excels in growth for age. Study the following lots and note we have bred our very best cows to this bull. They have been some of our very best producers and should have even better calves by this powerful sire.

One of the top selling bulls in the National Congress Sale in 1971. This bull has done a tremendous job for me. He has been used on a very small herd. I have kept several of his daughters. This is the reason for selling him. He will do a great job for someone. Be sure to look him over on sale day.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

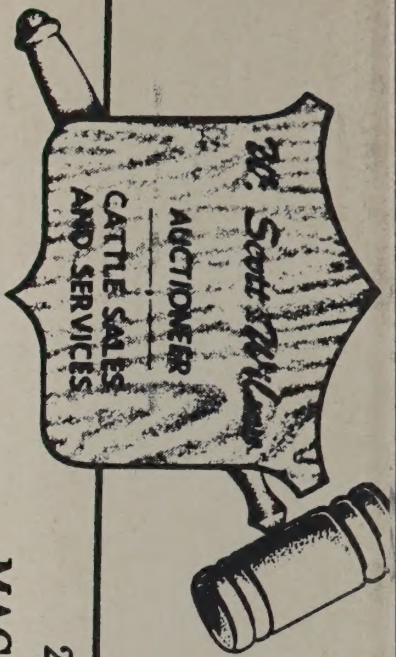

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers, sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial, for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.

Thanks for your interest in our Sale. Special thanks to all who have bought in our sales and bid for our offering. Visit our herds and help us promote Shorthorns and Polled Shorthorns.
